Exciting News! Mobile Wallet Payment Options Now Available!!

Mobile payment is an easy, secure, and private way to pay with your smartphone. Simply download the App that corresponds with your brand of smartphone from your App store. Follow the App's instructions on how to add your PPOCU debit card to your mobile wallet and you are all set! You can begin paying with the mobile wallet on your smartphone at participating stores. Your PPOCU debit card will be visible in your mobile wallet. Payments are made by holding your smartphone over a payment terminal and approving the purchase.

Paying with your mobile wallet is secure because your PPOCU debit card number is not stored on your device. Instead, a unique number is created, encrypted, and securely stored on your smartphone. Each transaction will be authorized with a one-time security code which is different from the security code on the back of your card. Each transaction will post to your account as if you had used your plastic debit card.

Please contact the credit union if you have questions regarding the App that is available for use on your brand of smartphone.

ANNUAL NOTICE REGARDING NON-VISA PINLESS DEBIT TRANSACTIONS

You may use your Visa Debit Card to initiate both Visa debit transactions and non-Visa debit transactions without using a personal identification number (PIN) to authenticate the transactions.

To initiate a Visa debit transaction, you may sign a receipt, provide a card number, or swipe your card through a point-of-sale (POS) terminal and choose to route the transaction over a Visa network.

To initiate a non-Visa debit transaction, you may enter a PIN at a point-of-sale terminal, or, for certain bill payment transactions, provide the account number for an e-commerce or mail/telephone order transaction after clearly indicating a preference to route it as a non-Visa transaction. We have enabled non-Visa debit transaction processing on the Star network.

The rights and protections applicable only to Visa debit transactions, including additional consumer liability limits and streamlined error resolution procedures, as described in your Electronic Fund Transfers Agreement and Disclosure will not apply to transactions processed through non-Visa networks.
